

Japanese Inn Group and JAF contract to offer privileges to foreign auto clubs' members

Japanese Inn Group (President: Kinya Fukuda), the network of 77 "Ryokan" Japanese-style inns offering reasonable room charge for the inbound foreign tourists to Japan, contracted with Japan Automobile Federation (JAF, President: Setsuo Tanaka) to offer privileges to 100 million automobile clubs' members around the world. The offer includes 10% discount on accommodation charge or giving souvenirs from the Ryokan.

The partnership is upon the Show Your Card & Save® (SYC&S®) which JAF participates in, an international discount program led by American Automobile Association (AAA). The members of the automobile clubs affiliated with the SYC&S® program are entitled to receive various privileges such as discount or gifts from over 160,000 club-contracted partners including hotels, restaurants, and theme parks.

It enables Japanese Inn Group to expand the channel to approach a new market, the international automobile clubs' members, and also JAF to extend its member services.

Japanese Inn Group and JAF will collaborate to promote the privileges for the automobile clubs' members utilizing their network to attract more inbound tourists to Japan.

Japanese Inn Group holds 77 Ryokans in Japan.

Visit <http://japaneseinngroup.com/>, and click on the SYC&S logo (shown below) on the homepage to see the list on what privileges they are offering.

Show your automobile clubs' membership card carrying the above logo at 160,000 locations all over the world.
